

MRS DALLOWAY

VIRGINIA WOOLF

- One of the foremost feminist texts of the twentieth century.
- Part of an elegantly designed series of Woolf's works, printed on deluxe papers and with gold foil covers.
- Contains extra material, including explanatory notes and a note on the text, as well as information on the author and topic and critical reaction.
- Published to coincide with Dalloway Day 2022.

First published in 1925, set 'one Wednesday in mid-June', *Mrs Dalloway* charts the lives of several characters across a day in London. While Clarissa Dalloway goes about preparing for a high-society party she is to host that evening, pondering on her childhood and marriage, nearby Septimus Warren Smith, a First World War veteran, is plagued with memories of the war and of his friend who never returned.

Weaving a multitude of voices and eras into one, dressed in the most beautiful of language, *Mrs Dalloway* has earned its reputation as one of the most iconic novels of the twentieth century and great successes of Modernist fiction.

ABOUT THE AUTHOR:

Virginia Woolf (1882–1941) was a Modernist writer, widely considered to be one of the most important of the twentieth century. She and her husband Leonard bought a hand-printing press in 1917, and they set up Hogarth Press in their house in Richmond, which published much of Virginia's work, as well as those of friends and fellow luminaries. Today she is best remembered for her novels – in particular *To the Lighthouse* and *Mrs Dalloway* – and her essay *A Room of One's Own*.
