IT CAN'T HAPPEN HERE

SINCLAIR LEWIS

- A hugely important novel warning against the rise of fascism, and considering what might happen if the US had a dictator.
- The first in a planned series of the great writer's works.
- A topical work that is frequently referred to in discussions of modern politics.
- Includes notes and extra material on the author's life and works.

Published during the heyday of fascism in Europe, *It Can't Happen Here* is a chilling cautionary tale by one of the greatest American writers of the twentieth century, which is still startlingly relevant almost a century later.

Charting the rise to power of Berzelius 'Buzz' Windrip, who whips his supporters into a frenzy while promising drastic reform under a banner of patriotism and traditional values, *It Can't Happen Here* decries the tactics used by politicians to mobilise voters, and exposes the danger of authoritarianism arising from populist platforms, and the chaos such regimes can leave in their wake.

**'The novel that foreshadowed Donald Trump's
authoritarian appeal.'**

SALON

**'An eerily prescient foreshadowing
of current affairs.'**

GUARDIAN

ABOUT THE AUTHOR:

Harry Sinclair Lewis (1885–1951) was an American writer and playwright who, in 1930, became the first US writer to receive the Nobel Prize in Literature. He is best remembered for his novels *Main Street*, *Babbitt* and *Arrowsmith*, which attracted praise for their representation of working women, and for his 1935 novel cautioning against the rise of fascism in America, *It Can't Happen Here*.
