

SPECTRUM

POETRY CELEBRATING IDENTITY

- An anthology of verse celebrating diversity in identity.
- Spearheaded by an international panel of acclaimed and respected authors, poets and publishers.
- A platform designed to help raise the voices of underrepresented minorities from a variety of cultures and walks of life.
- Follows the success of Renard's similar New Beginnings project, which culminated in an anthology published in 2021.

The concept of identity – be it class, gender, sexuality, national, institutional, or anything else we define ourselves by – has gone through radical change over the past half-century, and the idea of definition by binary oppositions is no longer as relevant as it once was.

Spectrum is a poetry anthology that seeks to amplify marginalised voices, and to celebrate the great diversity and rich variation in the identities of people from around the world and from a huge cross-section of walks of life.
