## ALMOST ADULT

CHARLOTTE ANNE-TILLEY

- The eighth in Renard's popular series of playscripts.
- Publication coincides with a forthcoming run of the play in London and Edinburgh.
- A shocking, hilarious, brilliantly written exposition of sexual harassment in the contemporary workplace.
- A tried and tested play from a talented, award-winning young writer.

Hope's leaving her home town up north for the bright lights of London. It's going to be mind-blowing. Attractive Hinge dates, mature new friends... A job at a dinosaur-themed bar? Hell. Yes.

Several months in things are looking slightly less rosy. Her housemate seems to hate her and her manager's a creep... But we don't need to talk about that. Do we?

*Almost Adult* is a brilliantly funny play that lays bare the darker side of slick modern workplaces and the underhand employment practices that police them – or fail to – with stunning lightness of touch.

**'Tilley's energy... is so infectious and endearing...  
we honestly couldn't fault this production.'**

**THEATRE AND OTHER THINGS**

**'Delights and disturbs in equal measure.'**

**EVERYTHING THEATRE**

**'Blisteringly funny and deeply emotional.'**

**THE INDEPENDENT**
